Words of Wisdom from our Founder,

Mary Kay Ash

People with goals succeed and those without goals fail. It's as simple as that. You must first choose your goal and then write that goal down and set a time limit.

Don't be a dreamer. Be a doer.

Once you have set your goal, I suggest that you break your goal into workable parts. To protect that goal, tell everybody what it is and what your deadline is. (Seminar 1983)

Consultant Spotlight-- Stacey Shrimplin - Kaser

Stacey brings warmth, energy, and plenty of experience to our MK family as a member of Lynelle Conlon's team for 2 years! Married to Tad, she's a proud mom and grandma with a lively, loving family. Derek and Ana, both talented architects, live in El Paso, Texas, with their little kindergartner Ari. Darcie keeps things running as a funeral home director, while her husband Zack tackles the great outdoors in the lawn care business. Their little ones, Kollie (3) and baby Lux (just two months!), keep everyone smiling. Tyler, a journeyman electrician, and Taylor, a preschool paraprofessional, are parents to Everly (5) and Boden (3). At home, things are even more vibrant thanks to a crew of furry friends – four dogs (Belle, Oreo, Booker, and Tilly) and a cat named Gretta. With 32 years of experience as an intervention specialist focused on Dyslexia and Autism, she brings the same compassion and dedication to her Mary Kay business, where she's excited to help others with their skincare concerns. Between gardening, cooking, yoga, swimming, and horseback riding (she has three horses!), she certainly lives life to the fullest – and she loves getting to know new people along the way! Thank you Stacey for being an awesome part of our unit!

Christi's Corner

Loved seeing your holiday parties and family photos! Congratulations to all the BeeZ who hosted successful holiday open houses—and a special shout-out to those who hosted their very first, even if it was small. Every success begins with the first brave step. I'm here to help you set fresh goals for the new year, because if we don't do something new, it's just another year—not a new year. We are the fix in 2026! Here's to our best year yet!
